

IN THE DRAWINGS:

Figure 6 of the Drawings has been corrected to fix a typographical error. As marked on the Annotated Marked-up Drawing of Figure 6, multiplier “1/4” has been changed to “1/2” to reflect the correct value of the multiplier of the term “ Δ^2 ” appearing in the second row of the “Bit 1” section of the table of Figure 6.

A replacement sheet for Figure 6, as well as an Amended Marked-up drawing sheet of Figure 6 have both been provided.

Applicant notes that this change does not introduce new subject matter but rather corrects a multiplier that has been entered in the table of Figure 6 with an incorrect value. The multiplier in question may be derived using equations (1), (2), (10) and (24) as taught on page 19, lines 12-22 in the original Application. In addition, the first and fourth additive terms in equation (26) on page 20 of the original Application, while referencing Fig. 6, each reflect the correct value of the multiplier in question.

REMARKS

Claims 1-20 have been allowed. New claims 21-44 have been added.

Figure 6 has been corrected to fix a typographical error.
